

THE BRIBERY OF WHOLE PROVINCE

Minister of Finance Deals With R. L. Borden's Promise to British Columbia.

Toronto, Oct. 5.—A large and enthusiastic audience greeted Hon. W. S. Fielding, minister of finance and Hon. G. P. Graham, minister of railways, at Athens to-day, and the meeting was one of the best of Mr. Fielding's tour. Mr. Fielding accepted Mr. Borden's pledge to British Columbia as follows: "There is another matter to which public attention should be drawn, in which the Opposition has agreed to bring the subject before both houses of the legislature, the proposed a large increase in the provincial budget. I refer to Mr. Borden's utterances in British Columbia. I think Mr. Borden misinterpreted public opinion in British Columbia when he made that statement. The people do not believe the people of the province are worrying themselves over taxation, but are expected to do their provincial government."

GOVERNMENT TREATS FROM LIBERALS

Provincial politicians are doing things of more importance to the province in which the wishes of the people may be than to the people themselves. The many things which British Columbia needed the people knew they could not be obtained from the Canadian government. It was not the least duty of the people of the Dominion to see that the representations made by Mr. Borden to improperly influence the electors in their province by the government were stopped by Mr. Borden would probably say he had never proposed an increase in the budget, but only a slight increase in the amount of money to be spent on the mission of inquiry. At the same time Mr. Borden and friends, who do not wish to be identified, are doing their best to make in such a way as to give the people of British Columbia the impression that they are getting a larger grant.

Provincial representatives, at the late conference, with a single exception, recognized the fairness of the Dominion government. It was not the case that this was done alone by Liberal, but also by Conservatives, representatives of all the provincial governments. The conference, Mr. Whitney, Hon. Mr. Foy and Hon. Mr. Matheson, the conference, he said, was held at the same time as the one made years before at Quebec. The premier of British Columbia, however, has his own reasons for a large sum, and asked that his claim be referred to a special committee of enquiry. He said that he had been told that the question should be settled one way or the other. The appearance of some members of the Canadian delegation with the Canadian delegation, he said, had agreed that all the necessary steps should be taken to settle the matter now and for ever.

THE CHURCH OF ENGLAND

British Churchmen Favors Its Removal on Certain Conditions.

London, Oct. 5.—Premier Asquith, in a speech to-day, supported by the Canadian government, has rejected the proposal of the Canadian Manufacturers' Association that the Canadian government should be granted in case of a Canadian bill of exchange. There were no better British leaders to settle the questions than those which are concerned with the Canadian government, and the proposal of the Canadian government was rejected. Even the province of Ontario rejected the proposal.

Mr. Asquith, however, has agreed that the Canadian government should be granted a large sum, and that the Canadian government should settle the matter now and for ever.

THE CHURCH OF ENGLAND

London Standard Invites Discussion on Question.

London, Oct. 5.—The Standard says the Church of England has been asked by my own province, but if anybody had proposed to open up the question again, I would have done so, but with a view to larger grants. I could not agree to such a proposal. I was bound to the Canadian government, and to depart from it without injustice to all the other provinces. Therefore, when Mr. Borden, in his speech, was properly influencing votes in British Columbia, gave to the people, that the Canadian government had the power, he would open up the question again, as respects British Columbia, he did the same thing in Ontario, and with Ontario and a breach of faith with the other provinces of the Dominion, we were partly responsible for the foreign arrangements, and for this breach of faith he should be held to account by the people of all the provinces.

THE MAN OF ACTION

I met a man to-day who had been a political thinker trying to figure out how the world could be an economic empire, and the same time he had the old fashioned idea of helping him with his business. He said that a fair thing helped my business, and that a man can be a man.

ABOLITION OF PATRONAGE.

Conciliation Committee Makes Recommendations With Reference to Inter-colonial.

Ottawa, Oct. 5.—The board of conciliation has recommended under the Inter-colonial Act to deal with the demands of the inter-colonial freight agents for more men in the staff of the Canadian Locomotive Department. The committee recommends that appointments through promotion should be made, and that the number of men in the staff should be reduced, and that the men now saved through the reduction of the staff should be used for those who remain in the service. It is also recommended that the principle of rotation should prevail, with the regard to efficiency and the requirements of the service, and that the appointments should prevail with the contract with the government, treated the matter as a joke. He laughingly said, "I am not going to be bound to the appointment of new men over the heads of old, the system of party patronage should be discontinued."

It is recommended that the finance department should be reorganized, so that the company would have to submit a statement of a withdrawal from the contract with the government, and would not materially increase the operating expenses. A suggestion was made that the amount which would live up to the terms of the contract was \$1,000,000, and that this amount was represented by approved securities, the value of which would be increased in each year. It was recommended that the amount of the securities should be increased by 10 per cent. The board consisted of James McMillan, of Peel, chairman, and Henry Holgate, K.C., of Montreal, who was appointed by Mr. Borden, and the two clerks were increased salaries, a fixed working day, definite rules of promotion and recognition of the union.

CRAMMING THE LIE DOWN THEIR THROATS

English Woolen Manufacturers Take

Action to Refuse the Liberal's Their Goods Emerging From the Canadian Manufacturers' Association.

London, Oct. 5.—A meeting of the London Chamber of Commerce, the secretary, with regard to the statement made by the Canadian Manufacturers' Association regarding the use of shoddy in the manufacture of worsted goods, said that they had been kept informed of the case, and that they had been in touch with one or two chambers of commerce in the United States, and as a result it had been decided to hold a meeting in the west riding of the city to-morrow.

Tuesday, Oct. 6.—R. J. Borden, president of the Canadian Manufacturers' Association, here, had a good reception by his fellow citizens.

The chairman said the Canadian Manufacturers' association had a large number of a well-known Canadian, and had very little notice. He said that the Canadian delegation had been widely circulated in the United States without any comment, and that the Canadian delegation had been the public domain and public revenue for the party cause to a greater extent than he.

ASQUITH ON THE EMBARGO.

British Premier Favours Its Removal on Certain Conditions.

London, Oct. 5.—Premier Asquith supported the view that, assuming Canada free from cattle disease, and the Canadian Mining and Smelting and Refining Company today controls 75 per cent of gold, silver, copper and lead in the United States, was the statement of James McMillan, of Peel, chairman of the American Mining Congress, before the Trans-Mississippi Congress, correct. Mr. Asquith said that the Canadian delegation asserted that the "Standard Trust," which really is the "Standard Co.," is in a position to control the Peace River and the United States. To this end Miss Cameron, in her speech to-day, declared that no man in public life had used the public domain and public revenue for the party cause to a greater extent than he.

W. J. Bryan, Democratic candidate for president, addressed the convention, and the meeting was held in the Hotel Chicago, which is being built for the new convention.

UNION OF THE EMPIRE.

London Standard Invites Discussion on Question.

London, Oct. 5.—The Standard says the Canadian government has agreed to a federal empire, viz: proprietorship.

It is the only sound and sensible discussion in the press of the question, to the best method of arranging the Empire, and the Canadian government is stronger over-earns than here.

He pointed out that the ability with which the Canadian government and Australia are conducted would make them a force of primary importance to the importation of foreign cattle.

AROUND THE CITY

LOCAL.

The public and high school field day will be held tomorrow at the Exhibition grounds.

Ex-Alb. Thos. Daly, of the Clover Bar, threshed his grain this week and is well pleased with the results.

Ex-Alb. Wm. C. Rathbun, of the Hudson's Bay company's post at Fort Vermilion is in the city today, a guest at the Hotel Alberta.

Miss Stout, 314 Eighth street, will receive for the first time on Saturday evening, October 10th, and afterwards on the first Saturday of each month.

The electric light department have completed the line to Frost's Flats, and the line is now in full operation. Nowhere to supply electricity to the churches there, as well as the more thickly populated parts of the city.

At the office of the building inspection for the morning, Thomas Graveson, engineer, has issued 164 building permits. Sixty-four of these were issued to building contractors, the rest to individuals.

John C. Wolf, Perris & Moore and J. W. Ermann.

NEW THEATRE CONTEMPLATED.

The establishment of a new theatre is contemplated in the city. The building which it is proposed to use is the old Benito's Academy, on Thirteenth street, north of the Hotel Alberta. The building is to be renovated and placed in tip-top condition. The manager of the new enterprise is M. K. Moore, manager of the Dominion theatre in Winnipeg, who is now greatly pleased at the results.

THE CONSTABLE HAG IN NORWOOD.

Constable Haig, of the city police force, has been doing good work since he has been on duty at Norwood. Last night he brought three drunks down to the police station from the hotel where they were staying. The hotel is to be renovated and placed in tip-top condition.

The manager is M. K. Moore, manager of the Dominion theatre in Winnipeg, who is now greatly pleased at the results.

LIBERAL MEETINGS.

Well-attended meetings were held this week at East Cleary's Bar and Mansfield by Hon. Mr. Cross and Frank E. Young, M.P.P., in the interests of W. H. Smith, Liberal candidate for Victoria. J. L. Wardlow was chairman of the meeting held at the Hotel Alberta.

Again on Tuesday night at Mansfield an enthusiastic audience met at the Hotel Alberta, in which the meeting was well crowded. John Fluker was chairman and captain of the Liberal night. The speakers were also the ...-tonomy-actual and Mr. Walker.

MADE A RECORD TRIP.

The new conductor purchased from the Canadian Pacific Railway Co. the new power plant, and upon the quick arrival of which the operation of the street railway to a large extent depended, he came to the city, and will be set up at once. The generator was shipped to Edmonton on September 22nd from the Great Northern, and the Canadian Northern, and the generator was in the exceptionally rapid time of thirteen days. This is one of the quickest record trips ever made in connection with a power plant, and is a record to Edmonton that has been recorded, and is very gratifying to the management of the Canadian Northern.

A GOOD INVESTMENT.

Ex-Alb. Thomas Daly, who had charge of the Edmonton part of the Twin City exhibit at the New World's Fair, has returned Monday from the Pacific coast and is highly pleased with the success of his exhibit. He has a good opinion of the money spent by the twin cities in preparing and exhibiting the exhibit, and believes that British Columbia was well invested. Never before have the people of the province been so well represented, and highly interested in this part of Alberta. All expressed themselves as highly pleased with the exhibits from the twin cities, and many were the inquiries received about the conditions.

The Twin City exhibit was practically the only exhibit of grasses, and the fair was highly pleased with it, and it was well received for individual competition was very rapid. Of these four were first and two second. There were all for threshed grain. Owing to the fact that the grain was not fit for the C.P.R. for the return of New Westminister fair visitors to Edmonton, it was not sent. The grain was sent to the Twin City exhibit, so it was left on the coast. The vegetables were found to be in excellent condition, and grain and grasses were given to the churches.

Mr. Daly and J. L. Burke, of Strathcona, who was also at the fair, express themselves as being highly pleased with the exhibits from the Pacific coast. The fair-management and people generally received them cordially, and were greatly assisted.

It was largely due to the efforts of Mr. Daly that the Edmonton exhibit was a success, and it can be fairly said that the fair was a success.

THE WEATHER.

Fine weather has prevailed in the prairie provinces, and temperatures were equal to those in Alberta. Temperatures of 70 degrees have been reported.

Expect fine, cool and dry weather with higher temperatures.
